SENIOR PLANNER

DISTINGUISHING FEATURES OF THE CLASS: Employees in this class are responsible for specific phases of moderately difficult planning projects in the field of municipal or community planning or may be in charge of a major phase of a more complex study. Projects involve community planning on a municipal basis. In a smaller unit the Senior Planner would be assigned planning projects calling for individual leadership to a greater extent than would be the case in larger planning units. Staff supervision is also involved. The Senior Planner differs from Planner by the increased responsibility for specific elements of major studies, managing the development approval process, including staff supervision, or individual responsibility for projects of a lesser nature. The Senior Planner works under the general direction of the Director of City Planning.

TYPICAL WORK ACTIVITIES: (Illustrative Only)

- Prepares and supervises the preparation of a variety of planning statistics, data, plans, designs, charts, records and reports;
- Prepares and supervises the preparation of specialized planning staff reports and project review reports for the local Planning Board, Zoning Board and Common Council;
- Directs the collection, tabulation and analysis of data for use in connection with census statistics and population reports;
- Plans and conducts field studies and surveys;
- Represents the planning agency at conferences of local government officials, public hearings and other public meetings;
- Participates in meetings with civic, business and neighborhood representatives to determine community planning needs and growth and development issues;
- Assists in the collection, tabulation and analysis of data regarding physical development activity, land use and related issues and administration of the development approval process involving the Board of Zoning Appeals, Planning Board, Common Council and Historic Resources Commission;
- Supervises the preparation of studies or reports in regard to housing, parking, land use control or other urban issues;
- Supervises the planning staff involved in the administration of land use controls, the development approval process, and review of individual project proposals;
- Enters and retrieves information in an automated information system;
- Performs related work as required.
