- Repairs or replaces ignition and electrical systems, hydraulic systems, and steering mechanisms;
- Repairs or replaces fuel pumps, generators, alternators and starters;
- Tunes engines and sets timing;
- Aligns wheels, changes tires, and repairs flats;
- Performs preventive maintenance work by checking a variety of automotive equipment and machinery for worn, damaged or defective parts by visual inspection, road tests or by using testing devices and recommends and performs needed repairs;
- Makes welding repairs to automotive equipment and machinery;
- Mounts snowplows, sanders and auxiliary equipment and connects hydraulic systems to vehicles;
- Performs minor body and fender work;
- Maintains records including filing and computer data entry pertaining to work performed and maintenance of parts and equipment used;
- Schedules and supervises all maintenance and repair work for mechanics and mechanic helpers;
- Maintains inspection and calibration of inspection station and equipment;
- Enters and retrieves information in an automated information system;
- Performs related work as required.

FULL PERFORMANCE KNOWLEDGE, SKILLS, ABILITIES AND PERSONAL CHARACTERISTICS:

- Good knowledge of standard automotive repair methods, practices, tools, terminology and safety precautions;
- Good knowledge of NYS inspection standards and use of inspection equipment;
- Good knowledge of a vehicle inspection program;
- Good knowledge of the principles of internal combustion engine operation;
- Good knowledge of automotive electrical systems;
- Working knowledge of personal computers;
- Demonstrated ability to make repairs on a variety of automotive equipment;
- Ability to locate and adjust motor equipment defects;
- Ability to diagnose engine trouble and test repair equipment;
- Ability to work from plans, specifications and rough sketches;
- Ability to follow oral and written directions;
- Ability to supervise the work of others;
- Ability to enter and maintain computer files;
- Skill in the use of standard automotive trade tools;
- Skill in the use of computers;
- Good motor, hand and eye coordination;
- Manual dexterity;
- Mechanical aptitude;
- Physical condition commensurate with the demands of the position.

MINIMUM QUALIFICATIONS:

One (1) year of satisfactory fulltime paid experience as a skilled Automotive Mechanic in a garage or automotive repair shop. Applicant must possess a valid NYS Heavy Duty Safety and Emissions Certification at the time of appointment and for the duration of employment.

SPECIAL NOTE: A valid NYS Commercial Driver's License (CDL) is required at the time of appointment and for the duration of employment.
